Freixenet, best known for its iconic black frosted Cordon Negro bottle, has introduced a new addition to the Freixenet family, Freixenet Prosecco.

Produced with some of the finest grapes of Italy's DOCG region, and packaged in a cut glass bottle, Freixenet Prosecco is described as a high quality Prosecco for special occasions.

Freixenet is one of the most recognized high quality sparkling wine brands and will be present at the TFWA World Exhibition next week (stand: Red Village J7).
