

Fraport opens new F&B locations and specialty shops at BWI

By Wendy Morley on August, 9 2017 | Retailers

Fraport USA, formerly Airmall USA, has announced the opening of a number of new restaurants, shops and amenities at Baltimore/Washington International Thurgood Marshall Airport, including celebrated Maryland restaurants. These include:

Flying Dog Tap House, Concourse A, offers Flying Dog beers from Maryland's largest brewery, and breakfast, lunch and dinner selections made from regional fare.

Phillips Seafood, Concourse D, brings quality seafood and the heritage of Maryland-style cooking, either dine-in or at the grab-and-go counter.

New specialty retailers:

Diva By Cindy offers natural alcohol-free hair care products at its new kiosk at A/B. A percentage of Diva By Cindy's proceeds support homeless women and victims of domestic violence.

@ease, opening this month in the D/E connector, will feature athleisure apparel and accessories. The store's lineup will include signature apparel from Puma, Prana, DYI, Shape and Marmot in addition to water bottles, yoga bags, headphones and more.

La Boutique in Concourse D offers accessories, cosmetics and fragrances from luxury brands like Estee Lauder, Marc Jacobs and Ray-Ban.

NYS Collection offers a full range of fashionable sunglasses and eyewear for men and women at its new kiosk in the D/E connector. Styles include the trend-setting New York line, polarized Signature series, luxury Elite label and a quality selection of readers.

Innovative service:

The new DefensePac automated vending units offer disposable booties and hand sanitizers at two pre-security kiosks. The kits retail for \$3 and consist of hand sanitizer packets and a pair of medically approved latex-free anti-skid disposable foot covers in a reusable plastic bag. The bag can be used to store personal items when placed in security bins.

"Fraport USA is committed to enhancing the airport experience for travelers," said Brett Kelly, vice president, Airmall Maryland. "The newest additions at BWI Marshall support Fraport USA's focus on delivering a shopping and dining destination featuring top and emerging brands, street pricing, regional flavor and innovative concepts."
