

# Lagardère opens Eye Love at Cairns

Lagardère Travel Retail has announced the opening of Eye Love, Lagardère Travel Retail's modern and sleek eyewear concept, at Cairns Domestic Airport. This is the retailer's sixth store to open within the Cairns Domestic Terminal redevelopment. The 62-square-meter retail space features a huge range of high-quality eyewear brands.

Brands offered at Eye Love include Maui Jim, Serengeti, Otis, Oakley, Le Specs, Dolce & Gabanna, Ray Ban and Prada, plus many more

The range offered at this store has been chosen to appeal to the large numbers of domestic travelers expected to be using the terminal as the industry recovers in the coming months, with a selection to offer something to all travelers.

Craig Pring, Chief Development & Strategy Officer, said: "We are pleased to see Eye Love return to the terminal as another great offering alongside our already stacked suite of concepts at Cairns Domestic Airport. We hope the store gives domestic travellers a taste of the duty free experience we've all been missing over the past eighteen months."
