

# Brisbane Airport seeks Domestic Terminal RFP for a fashion, accessories, gifts concession

Brisbane Airport Corporation is inviting operators to submit a proposal for its RFP for a fashion, gifts or accessories concession at its Domestic Terminal

Brisbane Airport Corporation (BAC) is inviting operators to submit a proposal for an RFP to operate a specialty fashion, gifts or accessories concession at its Domestic Terminal.

The concession is located on level 2 of the northern terminal (predominantly accommodating Qantas services) departures area. It occupies a space of 92 meters square.

As part of the proposal, the airport requires the respondent to “demonstrate that they have the necessary level of experience, capacity, and resources to partner with BAC to deliver its retail vision.”

The RFP closes on 4pm AEST on Tuesday November 19, 2019.

This RFP is part of the second phase of BAC’s Domestic Terminal Redevelopment. BAC completed stage one in 2016 with a \$15 million upgrade of the southern terminal (predominantly accommodating Virgin Australia services) and commenced the \$40 million stage two, to upgrade the northern and central terminals, in mid-2018.
