DXB's Terminal 1 and Concourse D will have been closed for 15 months upon their reopen on June 24

Dubai Airports has announced that DXB Terminal 1 and Concourse D will open on June 24, as part of the airport operator's preparations to accommodate anticipated growth in demand for travel.

Upon reopening, these facilities will have been closed for 15 months, from March 25, 2020, as part of the strategy in dealing with the COVID-19 pandemic.

His Highness Sheikh Ahmed Bin Saeed Al Maktoum, Chairman of Dubai Airports said, “Dubai’s aviation sector has been at the forefront of a global campaign to restore vital international air services with the opening of quarantine-free travel corridors between the UAE and multiple countries around the world. This move signals our confidence that the outlook for the rest of the year and beyond is one of optimism, as well as being a clear indication of Dubai’s intent to lead the aviation industry in its efforts to enable social and economic recovery of the world. This reopening is a collaborative effort of the many stakeholders involved in the operation of the world’s largest international airport and we are delighted to be able to make this important step towards the restoration of full airport operations.”

This reopening will pave the way for the return of over 40 international carriers that are now operating at Terminals 2 and 3. Dubai Airports is advising passengers to confirm their terminal of departure and arrival with their airline before coming to the airport.
