

Bottega White Gold makes a prestigious gift

By **Wendy Morley** on March, 4 2014 | Spirits & Tobacco

A pure pinot noir sparkling wine, Bottega White Gold is presented in a silver wrapping that reflects the special quality of the drink within.

This sparkling wine is made from grapes grown at 100 to 300 meters above sea level in marine sedimentary soils of Lombardy, manually harvested in wooden cases, vinified and put through the sparkling process.

The result is a brilliant, straw-yellow sparkling wine with consistent perlage. The taste is dry, velvety and fresh, with a nose that's delicate and flowery, with hints of white fruit and dried fruit.

This wine goes especially well with Mediterranean cuisine, seafood and vegetables.
