Bulgari La Gemme Men trilogy, Yasep, Falkar and Opalon, are exclusively available at Dubai Duty Free during February and March

In a worldwide exclusive with Dubai Duty Free, Bulgari has launched the new Le Gemme Men, a Musk fragrance trilogy.

Bulgari has explored new olfactive territories, offering a new trilogy created by master perfumer Jacques Cavalier.

“Musk has always fascinated me. It is like the dawning of the day. It shines light on the other ingredients. It’s a scent trail that creates real character without being disruptive. It is a real signature,” said Cavalier.

The sensual and timeless Bulgari La Gemme Men trilogy, Yasep, Falkar and Opalon, are exclusively available at Dubai Duty Free during February and March.
